FullStack Developer, 5 years of management and business owner experience. Works well in team environment and takes ownership and responsibility with anything I do.

Work History

2019-11 - Current

Software Developer Team Lead
Lambda, San Francisco, CA
- Led team of 6 students that emulate a real work environment using Agile methodology
- Mentored 8 students on how to learn effectively and solve programming problems
- Reviewed student code and provided detailed feedback on areas of improvement
- Facilitated daily standup meetings to build camaraderie, facilitate sharing of ideas and work progress, and provide guidance for that week's study material

2017-02 - 2019-04

Business Owner
GamesterParty, St. Augustine, FL
- Created a custom multi-user VR game space in a mobile trailer
- Ensured that design was safe and friendly for our customers
- Promoted and applied marketing strategies to boost sales
